### Inspection Notes

Notes: A handsink is not required to be installed in the same room as the ice machine at this time. Ice bagging will be allowed under the following conditions: The ice bagging must be done early in the morning, the door to the kitchen must be left open to prevent having to touch the door before bagging, there must be smooth and cleanable surface to bag and store bagged ice, the cieling above the ice machine and the ice bagging area must be smooth and cleanable, all walls at the bagging location must be smooth and cleanable, all ice bags must be properly labeled, the ice machine must be kept clean and free of debris or mold buildup, the ice scoop must be stored outside of the ice on a smooth and cleanable surface, and the ice scoop must be washed and sanitized properly to code. If at any time these conditions are not met, a handwash sink may be required to be installed in the same room as the ice machine or ice bagging will not be permitted.

See Special Inspection for Certified Food Manager Certificate.
